Road Map Travel Guide

51.7	83.2	Point of Information - Photo - looking east at the Piscataqua River, Maine	<p>Crossing the Piscataqua River. The Piscataqua River is a river in the northeastern United States. It is a 12 mi (19 km) long tidal estuary formed by the confluence of the Salmon Falls and Cocheco rivers, and flows southeastward, forming part of the boundary between the U.S. states of New Hampshire and Maine. It empties into the Atlantic Ocean near Portsmouth, New Hampshire, where it forms one of the finest natural harbors in the northeastern United States. The Portsmouth Naval Shipyard is located in the river near its mouth.</p> <p>The drainage basin of the river is approximately 1,495 square miles.</p> <p>The name of the river derives from a Native American word Piscataquanke, meaning 'a great deer place.'</p>	0.4	0.6
